

As of March 2010

2010 LETTERS OF NO OBJECTION

Ascension Parish

<u>No.</u>	<u>Company</u>	<u>Station</u>	<u>Description</u>
10011901 (+14.0)	Hexion Specialty Chemicals	2272+58	To replace current 10" diameter methanol supply line with a same diameter line and running the same path. As part of the project, the culverts that go under the driveway into the facility and under the CN railroad track will also be replaced. The line runs primarily above ground except at these crossings. At the driveway, the line is 4' deep and some excavation will be required on the north and south sides of the driveway to remove the casing. Estimated area of excavation is 10' x 10' x 4' deep. No excavation will be required at the railroad, the old pipe will be pulled out and new pipe will be pulled in place, and the casing will not be replaced
10022212 (+11)	PCS Nitrogen Fertilizer, L.P. Thru Eagle Environmental	2145+45	To install one (1) groundwater monitoring well (D-8) approximately 25' deep and plugging and abandonment of one (1) groundwater monitoring well (D-7) by overdrilling and removal of all materials
Waiver granted below elevation +14.0 feet			
09092172	Delta Terminal Services, Inc. Thru T. Baker Smith, Inc.	2281+00	Revisions to #07121760 (to horizontally directionally drill a 30-inch pipe caisson under the railroad tracks
